York's outlaws must go.

MANAGEMENT OF BURRANDS

The management of busbands, a ques, demijohn of Sorosia struggled resultlessly, so far as easier to believe. deciding upon real and generally practicable methods was concerned, on Monday, is to be taken up as a subject for discussion by Evening Women readers. Elsewhere is the announcement of the this idea here for the beneat of the girls who conditions of debate and of the prize want to go on the stage? which will reward the author of the best communication on the matter.

Probably no woman exists, or ever did exist, without her own peculiar ideas on of Allesbury, the spendthrift lord, who has the subject. Daily columns of theories drawn from these ideas, or experiences part of his ancestral estate, is, "We have resulting from attempts to but the the- been." It is a very appropriate motto. ories into practice, cannot fail to be of interest to men as well as women. And they are likely to contain many a happy suggestion for such conduct in marrial Mr. Kipling is coing to apologize for his illlife as will make marriage an assured suc- natured remarks on America by marrying an cess, assuming that there are causes American weman. Thus the whirtigig of which might otherwise have led to failure. time brings its revenges.

The report on the Croton water-shed, laid before the Board of Health, declares | Dom Pedro left a very small estate, and the the condition of affairs to the most serious Count and Countess of Eu are dependent on the and growing worse. "It is," says the secrements of the Duke de Nemours, who allows report, "of paramount innourtance that report, "of paramount importance that prompt and efficient means be taken to the form of a true ellipse, and, although it is of remove the sources of contamination enormous dimensions, it is so well contracted as already existing on the water-shed, and regards accustos that a person standing in the to prevent future pollution from new there at one end can carry on a conversation in a sources." Such a warning should not whisper with any one in the focus at the other end. sources." Such a warning should not require repetition.

was of sound mind and vigorous.
One of Col. James's withesses was reported ill with grip and Mr. Choate suggested that his testimony be taken by a commission, whereat Col. James deprecated the jeopardizing of the health of a commission for the purpose and brought out the suggestion from the cynical Joe Choate that Col. James might be spared himself for the examination of the grip patient.

drunk. He was fined \$3, which he paid and left for home. Police Capt. Eason saw the man standing

A boy baby one week old was found aban doned in the hall of 153 East Thirty-seventh

this morning. The building is two stories high. Damage amounting to \$2,000 was done to the stock and she building was injured to the extent of \$1,000.

THE SAMPLES MUST GO.

in the handsome barge John Nellson, with a will be sold at once. Bargain prices are in plain capacity of 2,000, and the barge Win H. sight on each, and lower and still lower prices will Come while the selection is good. All are perfect in workmanship and style.
